Dear Pace Funeral Home Families,

In these uncertain times, we wanted to reach out to you personally about what we are doing here at Pace Funeral Home to keep you, your loved ones, and our staff safe.

In response to the information provided by global and local health authorities (including the CDC and the WHO) regarding COVID-19 coronavirus, we are no longer able to hold public funerals at our funeral home(s). We do not take this decision lightly but do so in the interest of protecting our entire community.

Going forward

- We will be holding chapel services with 10 or less people at our location, and we will follow the guidelines from the State of Texas.
- Graveside services are encouraged.
- Our website is available to leave condolence messages for families.
- Family arrangements can be handled via email and telephone if desired.

We take great pride in our level of service and in our commitment to our families and community. These safety measures will help protect our community and our team members as well. Please know that in this difficult and stressful time we are here to assist in any way we can while we keep families and our funeral home staff members safe.

Thank you for your understanding,

Tony Eaton
